DETAILED ACTION

This action is in response to the amendment filed on August 2, 2007. Claim 6 has been amended. Claims 1-20 remain pending.

Priority

Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). A copy of the certified copy of the priority document has been received in this National Stage application from the International Bureau (PCT Rule 17.2(a)).

Drawings

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) and PCT Rule 11.13(l) because they do not include the reference sign "31" mentioned in line 3 of the second paragraph on page 7 and elsewhere in the description.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of

any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

The disclosure is objected to because of the following informalities:

Lines 2-3 of the first paragraph on page 7 are unclear.

In line 13 of the second paragraph on page 7 "driving element 2" should read
-- driving element 12 --.

In lines 6-7 of the third paragraph on page 7 "cylindrical part 25 is also of axis 1" is unclear.

Appropriate correction is required.

Claim Objections

Claim 10 objected to because in line 2 the phrase "the solid parts" is lacking a clear antecedent basis. Appropriate correction is required.

Response to Arguments

Applicant's arguments appearing on page 6 of the response filed on August 2, 2007 with respect to the rejection under 35 U.S.C. 102(b) set forth in the previous Office action have been fully considered and are persuasive. The rejection based on prior art has been withdrawn.

Conclusion

This application is in condition for allowance except for the formal matters pointed out above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
